Vibe Generator Content Policy

Effective Date: 15 September, 2026

This Content Policy explains what types of content and activities are permitted and prohibited when using Vibe Generator.

Vibe Generator provides AI-powered tools for generating and processing images, videos, animations, and other audiovisual content. We want our services to be used responsibly, lawfully, and without infringing the rights of others.

By using Vibe Generator, you agree to comply with this Content Policy, our Terms of Service, and all applicable laws and regulations.

1. Illegal Content and Activities

You may not use Vibe Generator to create, upload, distribute, promote, or facilitate content or activities that violate applicable law.

This includes content connected with:

- fraud, scams, or deceptive commercial practices;
- illegal goods or services;
- threats, harassment, stalking, or unlawful intimidation;
- exploitation or abuse;
- instructions intended to facilitate serious criminal activity;
- any other activity prohibited by applicable law.

2. Intellectual Property Rights

You must have the necessary rights, permissions, or other lawful basis to use any material you upload or provide to Vibe Generator.

You may not knowingly use the service to:

- infringe copyrights, trademarks, or other intellectual property rights;
- reproduce or distribute protected material without authorization where authorization is legally required;
- falsely represent another person's or company's intellectual property as your own;
- create content intended to facilitate commercial counterfeiting or deliberate infringement.

Users are responsible for ensuring that their prompts, uploads, reference materials, and intended use of generated content comply with applicable intellectual property laws.

3. Identity, Likeness, and Impersonation

Vibe Generator may not be used to deceptively impersonate another person or misrepresent generated content as authentic when doing so could cause harm, fraud, or material deception.

You may not use another person's image, voice, identity, or likeness in a manner that violates applicable privacy, publicity, personality, or other legal rights.

In particular, users must not create deceptive content intended to:

- impersonate another person for financial gain;
- falsely represent an endorsement;
- deceive others regarding the source or authenticity of material;
- damage another person's reputation through deliberately misleading synthetic media;
- facilitate identity theft or fraud.

Lawful creative, artistic, satirical, editorial, transformative, or fictional uses remain subject to applicable law and the rights of third parties.

4. Sexual and Exploitative Content

Vibe Generator must not be used to create or distribute:

- child sexual abuse or exploitation material;
- sexual content involving or depicting minors;
- non-consensual intimate or sexual imagery;
- sexual content created using another identifiable person's likeness without appropriate consent or legal authorization;
- content promoting sexual exploitation, trafficking, or abuse.

We may restrict additional categories of explicit sexual content where necessary to comply with payment-provider, platform, or legal requirements.

5. Harmful and Abusive Content

Users may not use Vibe Generator to create content whose primary purpose is to facilitate serious harm to another person.

Prohibited uses include:

- credible threats of violence;
- targeted harassment or intimidation;
- content intended to facilitate abuse or exploitation;
- malicious publication of private or highly sensitive personal information;
- material created specifically to facilitate fraud, blackmail, or extortion.

6. Deceptive and Fraudulent Use

Users may not use generated content for fraudulent or materially deceptive purposes.

Examples include:

- fraudulent advertisements or investment schemes;
- fabricated documents intended to deceive authorities, financial institutions, businesses, or individuals;
- fake identity documents;
- fraudulent payment or account-verification materials;
- synthetic media intended to falsely obtain money, property, account access, or confidential information.

7. User Responsibility

Users are responsible for:

- the prompts and materials they submit;
- ensuring they have the right to use uploaded materials;
- reviewing generated content before publication or commercial use;
- complying with applicable laws and third-party rights;
- obtaining any permissions, licenses, or consents required for their intended use.

AI-generated content may contain inaccuracies or unexpected elements. Users should independently review outputs before relying on or publishing them.

8. Commercial Use

Vibe Generator may be used for legitimate commercial and creative purposes, including:

- advertising and promotional content;
- social media content;
- audiovisual production;
- concept development;
- branded content;
- artistic and entertainment projects;
- image and video generation;
- animation and audiovisual editing.

Commercial use must comply with this Content Policy, our Terms of Service, applicable law, and any applicable third-party rights.

9. Enforcement

We may take appropriate action when we reasonably believe this Content Policy has been violated.

Depending on the circumstances, actions may include:

- blocking or removing prohibited content;
- restricting specific features;
- suspending or terminating access to the service;
- refusing or cancelling prohibited requests;
- preserving or disclosing information where required by applicable law or valid legal process.

Repeated or serious violations may result in permanent termination of access.

10. Changes to This Policy

We may update this Content Policy from time to time to reflect changes in our services, applicable law, safety practices, or requirements of payment and technology providers.

The current version will be published on the Vibe Generator website with its effective date.
